Hadley (The Club Girl Diaries Book 3)

Synopsis

People change, it's a fact of life. Hadley found that out the hard way after her husband came home one day with darkness in his eyes that she'd never seen before. Realizing that she couldn't allow him to drag her into the shadows, she watched him walk away, thinking she'd be free to move on with her life. But now she was on the run, seeking safety from a man she once vowed to love forever. Becoming a club girl for the Brothers by Blood MC guaranteed her protection, and at the same time, allowed her to embrace her sexuality with no judgments or guilt. Only things weren't as simple as she'd anticipated. She never expected Leo and his curly haired daughter to steal her heart, and for emotions to come into play. Could she risk her life on the chance he might feel the same? Leo was the Sargent at Arms for the Brothers by Blood MC. It was his job to make sure the club was safe and their security tight. He'd been to hell and back. Losing his wife Kim, after the birth of their daughter, had broken his heart to the point where he thought it was irreparable. She'd been his everything since he was a teenager, and he was determined to never lose her memory. With the club around him and his baby girl at his side, he'd become content with life alone. When Hadley showed up, he wasn't quite sure what to make of the self-confident, sweet natured brunette. He was drawn to her—a pull he struggled to escape. He wanted her, but he was afraid to get too close, not sure that his heart was strong enough to let someone else in. When danger comes knocking, they need to make a decision—protect themselves and move on, or stand together and risk it all.

Some would think that needing protection from a high powered estranged husband by seeking refuge as a club girl in an MC would be the worst right? Maybe for some, but not sweet natured Hadley. Hadley takes to the club like shes been there forever. Shes treated with affection and respect, like family, and the feeling is mutual. She grows an attachment to the members and one tiny little girl. Leo is that little girls Daddy and it doesn't go amiss how Hadley is with her. Its not long until Hadley is equally attached to Leo too. When both pasts come back to the present, decisions have to be made by both sides. Cut and run or hold on with all your might. This is my confession: Addison really knocked it Out. Of. The. Park. When you can evoke any kind of strong emotion out of this confessor, you have nothing short of 5 stars.

What a great series! The women are strong and resilient, all the while human. One can't help but cheer them on. Hadley was in turmoil because of her marriage to a Federal agent, knowing that although he is a Federal agent, he has turned to the dark side operation criminally yet somewhat protected by the agency he was working for undercover. All the while putting her life in danger. You think you know where the story is going with him trying to get her back but in the end it turns out to be something totally different and that's what makes Addison's books so great. There is not only great sex throughout the book but there is also suspense and action. Don't get me wrong, the sex scenes are well written and timed, not just thrown in haphazardly. The men who love these women are strong and for all there hardness they are loyal and love fiercely. I loved the twist in that Leo had his little girl and was also in turmoil after losing his wife in child birth. Being the love of his life he never thought he had the capacity to love again without feeling guilty. It was that much more difficult for Leo to carry out his Sergeant at Arms duties with a little girl and having to find someone to watch her while he was working. The MC provided a strong family bond that was always there for each other but he craved for someone to partner family life. Well he found it in Hadley but not without a price. I highly recommend this book. Get ready to laugh, cry, and smile throughout this book. It is amazing. Can't wait for Sugar's book - just sayin...

Hadley is book 3 in the Club Girl Diaries Series. I have loved this unique series since the first book

which was Harmony's story. You can't help but fall in love with these girls and the men of the Brothers By Blood MC. Hadley Caldwell is no stranger to the MC life. She is now a club girl to the MC, and in return, has their protection. She ran from her ex husband who was an undercover FBI agent in an MC club full of agents. Leo Jamison, is the SAA of the Brothers By Blood MC. He is raising his precious little girl named Macy all alone as his wife had died during childbirth. Leo has never really looked for a relationship because he had kept the memory of his wife still alive. What happens when these two connect? Will Leo take a second chance at love? Will they get a happy ending and create a new family? Who and what is after Hadley? Is her past coming catching up? I have loved Leo from the moment we had been introduced to him earlier. The love for his baby girl is so sweet. Hadley and Leo's story was just perfect. Five stars!!!!

Ok, I'll admit it, I love Addison Jane's book!!! Ever since I read Harmony's story I've been hooked and have all her books, but I think I loved this book more than all the rest. Leo has been in each of the books and he's such a sweetheart, I was hoping he'd get his own story and after meeting Hadley in Rose and Blizzard's book I was thrilled she ends up with Leo. They are such a great couple and Leo's little girl, Macy, just finishes out their amazing family. I think part of the reason I liked this book so much is that all the characters in the previous books are included and it's so great seeing how they're doing now. She's also left openings for a ton of new stories and I can't wait to read them all. Read this book, but get all the others too, it's an amazing series that you won't regret reading!!

I've been waiting for this book since the beginning. From the first sentence read, I couldn't put it down. I love Hadley. She has all the right makings of a club girl. She's strong, loving, and protective. But Leo, sigh, he has been my guy from the start. Each book I say I love him, but this one did me in. He's the perfect father, lover and "brother". All the makings of a perfect Alpha male. Their story is full of dangerous turns and twists, torn yet drawn, and sweet and sizzling. I cried, a lot. Yet in the middle of crying, there would be something that made me laugh. My favorite book to date. I can't wait for more.

I wish these books came out more frequently. By happenstance I had started reading the rest of the books last weekend so when I got to here I actually remembered who everyone was. I think that made the book even better. For all the drama the other girls I expected so much more drama in this book. I was waiting for the "breakup" basically and it never really came. It was just a steady

relationship which I suppose is a nice change. I liked the kids in this book and getting to see the other characters.
