Chamber Orchestra And Ensemble Repertoire: A Catalog Of Modern Music (Music Finders)

Synopsis

In Chamber Orchestra and Ensemble Repertoire, Dirk Meyer provides conductors, musicians, and librarians with all the information needed to plan their performances of modern chamber music. Meyer lists almost 4,000 works written during the 20th and 21st centuries, representing more than 1,100 composers. Entries are divided into three categories: Chamber Orchestra, String Orchestra, and Ensemble. Presented alphabetically by composer, each entry fully describes the composition, including its duration, year of composition, availability and publisher, and complete instrumentation. The comprehensive appendix allows users to search for repertoire based on a variety of criteria, including instrumentation, duration, solo instruments, and solo voices. As a catalog of modern music, the appendix also provides categories for 21st-century repertoire as well as compositions that require the use of electronics. Finally, an additional appendix offers arrangements for chamber orchestra or ensemble that were made by the "Verein fÃ¼r musikalische PrivatauffÃ¤hrungen" (Society for Private Musical Performances), a group of composers active in the early 20th century under the guidance of Arnold SchÃ¶nberg. This valuable resource is complete with a list of publishers and bibliography.

Customer Reviews

As a conductor at a university, it is easy to exhaust resources when trying to construct musical

programs that are interesting for players and audiences. Dr. Dirk Meyer has opened a new window to programming possibilities that I am indeed grateful to have. Chamber Orchestra and Ensemble Repertoire: A Catalog of Modern Music is a text that is extremely well-organized and easy to use. The material is presented in a very logical way with comprehensive information that any musician would need. This is an excellent resource!
