The Broken Eye (Lightbringer Book 3)

Synopsis

New York Times bestseller *The Broken Eye* continues the spectacular *Lightbringer* series from the New York Times bestselling author of *The Black Prism* and *The Blinding Knife*. As the old gods awaken and satrapies splinter, the Chromeria races to find the only man who can still end a civil war before it engulfs the known world. But Gavin Guile has been captured by an old enemy and enslaved on a pirate galley. Worse still, Gavin has lost more than his powers as Prism--he can't use magic at all. Without the protection of his father, Kip Guile will face a master of shadows as his grandfather moves to choose a new Prism and put himself in power. With Teia and Karris, Kip will have to use all his wits to survive a secret war between noble houses, religious factions, rebels, and an ascendant order of hidden assassins called *The Broken Eye*. *Lightbringer* *The Black Prism* *The Blinding Knife* *The Broken Eye* *The Blood Mirror* For more from Brent Weeks, check out: *Night Angel* *The Way of Shadows* *Shadow's Edge* *Beyond the Shadows* *Night Angel: The Complete Trilogy* (omnibus) *Perfect Shadow: A Night Angel Novella* (e-only) *The Way of Shadows: The Graphic Novel*

Customer Reviews

I am a huge Brent Weeks fan. Read all of his books and read the first two in this series twice each. I

own first editions of all the books in this series. The only authors I anticipate a new book from more are Martin, Rothfuss, and Sanderson. I was shocked to realize that I liked *The Blinding Knife* more than I liked its Sanderson book-two counterpart, *Words of Radiance* (although I could argue either way). In fact, although I buy the vast majority of my ebooks from , I bought this one from ibooks, because their new releases are available a few hours before makes them available (I think it's because Apple uses Midnight Eastern and uses Midnight Pacific). All of that said, this book was somewhat of a letdown. It suffers from the middle-child syndrome the second book avoided. My best guess is that Weeks had three-and-a-half great books for this series and decided (or the publisher decided) to stretch it to four, rather than cut it to three. *Broken Eye* has more exposition, more navel-gazing, and less action than either book one or book two. Also, of the big questions we were left with at the end of *The Blinding Knife*, virtually all remain unanswered, or are answered unsatisfactorily. Fortunately, despite all this, Liv manages little screen time. Her motivations are pretty murky, she's a little boring, and I'm still kind of confused on what, exactly, superviolet is good for aside from writing coded messages. The Color Prince gets talked about a lot, but his perspective is virtually absent from this book--another reason I think this is one part of a two-part finale. As usual, Kip is at his best when he's spouting off to a superior. The dialogue is effortlessly written, and the humor is above average as expected. I enjoyed reading *The Broken Eye*.
